HealthBridge System-Generated Services

Default services available to every organization on HealthBridge · 53 services in 6 categories · 24 October 2026

These services come with the platform. Organizations can offer any of them at their branches, setting their own price and availability per branch, and can add services of their own. Organizations cannot edit or delete system-generated services. Individual laboratory tests, imaging studies and drugs are kept in separate catalogs and are not listed here.
